

Eris Outdoor Dining Table White

A striking interplay of shapes, the Eris outdoor dining table embraces round forms with a column-like fluted side. The rough concrete texture adds depth and complexity to an otherwise simplistic form, making it a statement piece suitable indoors and out. Exceptionally composed of Glass Fiber Reinforced Concrete (a fusion of cement, glass fiber, and Styrofoam), this table offers unique aesthetics while maintaining its beauty.

- Fiberglass reinforced concrete: a lighter weight concrete that remains strong & durable
- Concrete, fiber-mix concrete & terrazzo are unique composites that will vary in color, pattern & texture. No two items made from these materials are alike & product imagery may vary slightly
- Steel connecting tabletop & base
- Suitable for indoor or outdoor use. Store inside or cover while not in use during inclement weather

Item Code**JK-1011-18-0**

Swatch Code
