**COMPONENTS LIST:**

No.	Description	Sketch	Quantity
1	Case		1 PC
2	Metal Leg		4 PCS

### FUNCTIONALITY INSTRUCTION

Adjust the leveler when necessary

BEFORE USING THIS PRODUCT PLEASE READ, UNDERSTAND, AND FOLLOW THESE INSTRUCTIONS. Save these instructions for future reference.

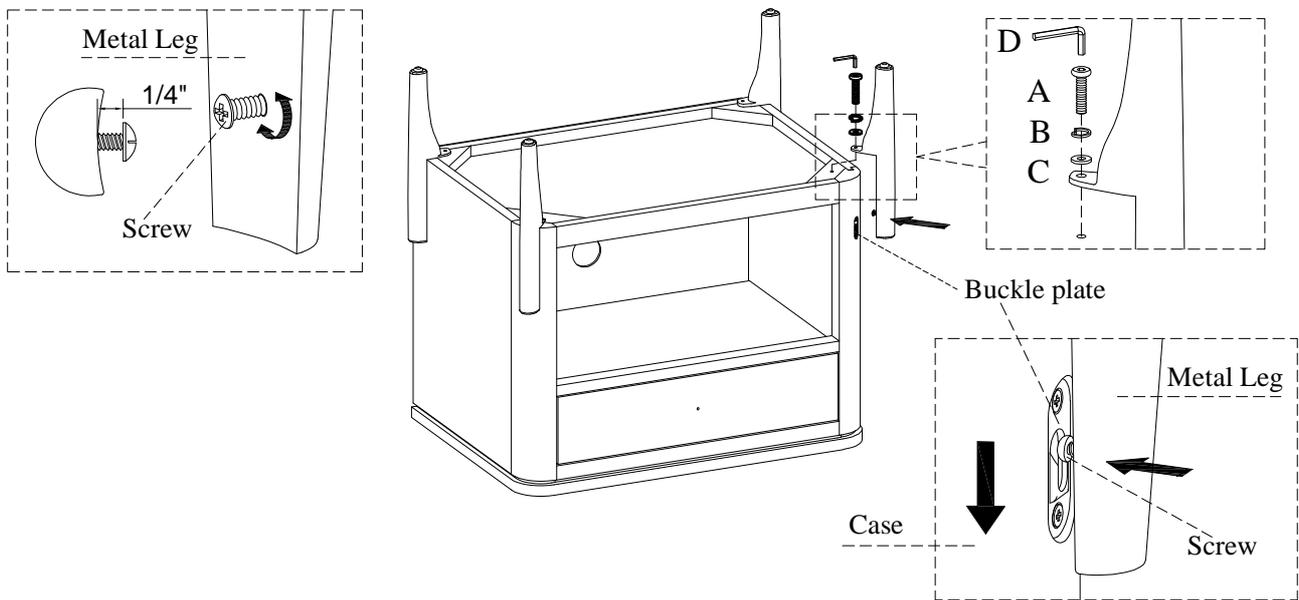

FOR INDOOR USE ONLY

ITEM NO: I256-451    1 Drawer NS

**STEP 1:** Put the case upside down on a soft surface.

**STEP 2:** Each metal leg will come with screw pre-installed with a 1/4" lag as shown below. Adjust as needed to ensure the 1/4" lag. Insert the screw on each metal leg into the buckle plate on the case and push it down to the suitable position. Attach the metal legs by using 4 bolts (A), lock washers (B) and flat washers (C). Use the allen wrench (D) to tighten the four bolts. If the leg is loose in the buckle plate, the leg should be removed and the screw adjusted as needed. Once legs are all secure, return the case to the upright position.

**STEP 3:** Taking out the knob by removing the screw when opening the drawer, attach the knob to the front of the drawer by screw as shown below.
