Jenson Sideboard Brown

Four drawers up top, four doors below—Jenson is here to make clutter behave. The classic frame gets extra depth from a deep brown, wirebrushed oak veneer finish that feels grounded and clean. This piece is built for the in-between zones: dining, entry, living—anywhere you need storage that doesn't look like storage. Push-to-open doors keep the front uninterrupted, while the 4-over-4 layout sorts linens, serveware, games, and cables with ease. Simple form, seriously capable.

- Classic Frame, Clean Front: A structured silhouette in deep brown with a wirebrushed finish keeps the look composed—no hardware, no visual noise, just lines.
- Oak Veneer Wrap: Oak veneer covers the front, sides, top, and drawer fronts for a consistent grain story that works across warm and neutral palettes.
- Rubber Wood Inner Frame: Built with a rubber wood inner frame to support the veneered exterior, helping the sideboard feel steady through everyday use.
- 4 Drawers, 4 Doors: Four drawers handle smaller essentials up top, while four push-to-open door compartments below give you roomy, concealed storage.
