Description

The Farley, nightstand is a wonderful addition to this entire bedroom collection, with the polished nickel bead reveal framing the outer angles and available in any Monogram Finish on walnut wood, there's an elegance in the simplicity of this piece. The open middle shelf area allows for ease of stowing items while also having two drawers to hide other items out of sight. The custom polished nickel hardware is offset and installed closer to the center open shelf, this just adds a little unexpected, visual interest. In the upper drawer, there is an opening for cord management, so electronics can be plugged in and put away to charge.
