

LIBBY LANGDON FOR FAIRFIELD / BRENTWOOD COLLECTION

The Brentwood Collection captures a serene, transitional aesthetic that harmoniously blends modern lines with timeless textures and craftsmanship. Every piece in the space demonstrates a deliberate design language rooted in balance, warmth, and luxurious comfort. The bed is fully upholstered with a slight wing detail, high headboard, and low curved legs for a luxurious and sleek look. Punctuated with champagne brass hardware, the Brentwood bedroom pieces feature soft curved lines balanced by a rich mix of materials and finishes. Crafted from red oak solids and veneers, offered in custom finishes.
