- Connect two ULT FIELD 5 speakers wirelessly with Stereo Pair.⁶
- USB Type-C® charge and charge other devices.

Features

Enjoy a superior music listening experience with powerful boosted sound

Get ready for powerful, boosted sound with the ULT button. Select ULT1 for deep, low-frequency bass or ULT2 for powerful, punchy bass to transform your listening experience.

Boosted sound to feel every beat

Boost low-frequency sounds with enhanced sound pressure and deeper bass. Choose from two powerful bass options to feel every beat and set your pulse racing, with lower frequencies than you thought possible from such a compact speaker. Fill any space with vibrant atmosphere, elevate your musical experience, and make anywhere feel like a party.

Hit the button. Feel the bass.

Press the ULT button to enjoy the powerful sound of ULT1 and ULT2. Select ULT1 for deeper, lower frequency bass. Select ULT2 for powerful, punchy bass.⁷

Listen loud and clear

The technology in the ULT FIELD 5 works in harmony for better sound quality. The X-Balanced Speaker Unit ensures deep, punchy bass and clear vocals, even at high volumes. A high-efficiency tweeter delivers crisp and spacious sound for high-frequencies, while the passive radiators are optimized for impressive bass extension and distortion-free sound. Put it all together and you get a great sound worth sharing with your friends.

Powerful sound with X-Balanced Speaker Unit

Our X-Balanced Speaker unit features a non-circular diaphragm, for an increased surface area compared to conventional speaker units. The approx. 79 mm x 107 mm large woofer unit is designed for clear and deep bass sound.

A richer, clearer, deeper experience

The non-circular diaphragm not only maximizes the area of speaker diaphragm but it also increases sound pressure for deeper and punchier bass, less distortion and greater vocal clarity. Altogether, it elevates your listening experience.

Sound Field Optimization

By detecting ambient noise, sound settings can be automatically tuned to deliver clear sound even in noisy or outdoor environments.

10-Band Equalizer

Select your favorite sound setting and hear your music exactly as you like it.⁸

A powerful deep bass boosted music experience, to be enjoyed anywhere

With a shoulder strap,⁹ long battery life, and resistance to water, dust, and rust, this speaker is built to go anywhere with ease.³

It's easy to take your music with you

The included shoulder strap makes it easy to transport your speaker wherever you go, turning any location into a party venue for your music.⁹

Take the party outside

With IP67 waterproof and dustproof rating, this speaker is ready for listening by the pool, at the park or wherever you like, no matter how dusty the surface – and there's no problem rinsing it off.³ It's also salt-water resistant, which means you can enjoy music even at the beach.

The party never stops

Up to 25 hours of battery² life, the ULT FIELD 5 will keep your party powered all through the night.

Charge up in just 10 minutes

With quick charging, you can get up to 100 minutes of playing time with just 10 minutes of charging.²

Take care of your battery

With the Battery Care function, you never have to worry about overcharging your speaker, which means it will last longer.

Check your charge on the app

Keep an eye on your battery level on the Sony | Sound Connect app.¹²

The choice is yours

Stood up or flat. The ULT FIELD 5 is designed for optimal sound either way, so you can use it whichever way suits your space.

360° Party Light to liven up your party

360° Party Light produces subtle lighting that's perfect for illuminating parties or bringing a little mood into your everyday life. The illumination will synchronize with your music and can be controlled via the Sony | Sound Connect app.⁵

Music that really gets you moving with Party Connect⁶

Link up to 100 compatible speakers to synchronize music and lighting through Party Connect – fill any location with powerful sound to create the ultimate party atmosphere in any space.⁶ And there's no app required, just add speakers with the dedicated CONNECT button.

Add an extra compatible speaker for rich stereo sound with Stereo Pair

Connect two ULT FIELD 5 speakers, wirelessly with Stereo Pair, to activate stereo sound and experience a wider, more immersive listening experience.^{10,11}

Total convenience, total customisation

The ULT FIELD 5 is even better with the Sony | Sound Connect app.⁵ The simple interface lets you dial in your ideal sound and shortcut settings, including lighting control. It can even keep track of your recent listening history.

Multipoint Connection

For total convenience, the ULT FIELD 5 can be paired with two Bluetooth® devices at the same time, automatically switching when a call is received, or playback is started on either device.⁶

Bluetooth® Fast Pair⁶

In one tap, the ULT FIELD 5 enables quick, effortless Bluetooth® pairing with your Android™ devices.^{6,12}

USB Type-C® charge and charge other devices

The ULT FIELD 5 features a USB Type-C® port for convenient charging. The same port lets you use the ULT FIELD 5 as a portable power bank to charge your devices.

Environment in mind

Our products are designed not only to provide excellent sound quality, but also to consider the environment. Recycled Plastic is partially used for the body of the ULT FIELD 5.¹³ No plastics are used in the packaging material.¹⁴ This reflects how we strive to reduce the environmental impact of our products.

Accessibility

We believe technology should make the world more interactive, more creative, more entertaining, and more inclusive. By incorporating human-centric, inclusive design into our audio products, we deliver our KANDO experience to all users, regardless of age, ability or environment.

Weight	Approx. 3.3 kg
Interface	
Input and Output Terminals	Yes

1. ULT POWER SOUND is a trademark of Sony Corporation.

2. Actual performance varies based on settings, environmental conditions, storage, and usage. Batteries are consumable products and their capacity degrades over time as they age. Sony does not guarantee the life span of the battery. 3 The unit, with the cap fastened securely, has a waterproof specification of IPX7*1 as specified in "Degree of protection against water immersion" of the IEC60529 "Ingress Protection Rating (IP Code)", and a dustproof specification of IP6X*2 as specified in "Degrees of protection against solid foreign objects". *1 IPX6 equivalency: The speaker maintains its performance while subjected to water jets from every direction. This means that no trace of water is found inside the speaker after a 3-minute test with water jets of 100 L/min and 100 kpa aimed from a distance of 3 m (9.8 ft). IPX7 equivalency: The speaker has been tested to, and maintains its operability when gently submersed in water to a depth of 1 m and left for 30 minutes. *2 IP6X equivalency: The speaker has been tested to and continues to block dust after stirring for 8 hours in a testing device which contains dust particles

that are up to 75 µm in diameter.

3. There are 3 modes ULT off, ULT1, and ULT 2. Default setting is ULT2.
4. The equalizer is controllable through Sony | Sound Connect.
5. Do not use any strap other than the supplied shoulder strap. When using the shoulder strap, note the following: Be aware that the shoulder strap may catch on surrounding objects. This may cause it to tighten around your neck. Do not engage in strenuous exercise. Wear the shoulder strap diagonally across your body while carrying the speaker. Otherwise, you may accidentally drop the speaker. If the hook of the shoulder strap is not fully passed through the attachment loop, the speaker may fall.
6. If the surface of the system gets dirty, do not use detergent, thinner, benzine, alcohol, etc. to clean and do not brush the system. Whether you can completely wash it off or not, depends on the dirt or stain.
7. When ULT1/2 on, and the volume level is set to 18, lighting off. Actual performance may vary from the listed time due to the volume, songs played, surrounding temperature, and usage conditions.
8. Product availability varies by region.
9. When watching movies, there may be a gap between video and audio.
10. Only compatible between ULT FIELD 5 wireless speakers.
11. Update in Sony | Sound Connect app is required to use DJ Control, Party Light and Karaoke functions.
12. Google and Android are trademarks of Google LLC.
13. Android phones running 6+ are required.
14. The recycled plastics may not be used for parts, depending on the time of production.
15. Coating and adhesive materials excluded. This varies by region.
