

CRAFTSMANSHIP IS IN OUR DNA

We're a family-owned company, spanning 100 years and five generations of Perlick family members who are dedicated to providing the industry's highest quality commercial and residential refrigeration. Every Perlick refrigerator is built to exacting standards to meet strict commercial regulations, which means you can be confident that your Perlick is built to last under even the heaviest usage.

We've mastered the art of balancing innovation and craftsmanship. You can trust Perlick to provide precision temperature control and build every unit with the finest features and materials.

PERLICK | C-Series
undercounter refrigeration

THE MOST INNOVATIVE REFRIGERATION SYSTEM IN THE INDUSTRY

Perlick has refrigeration down to a science. With a century's worth of experience in designing, engineering, and manufacturing bar and beverage refrigeration for the commercial market, we've mastered the art of building cutting edge refrigeration systems that balance power and precision.

It's why Perlick is preferred brand of the finest bars, restaurants and stadiums to keep food, beverages and wine at the perfect temperature and ready for optimal enjoyment.

7x

Perlick's refrigeration system boasts **7x** the cooling surfaces compared to a cold plate, resulting in the **industry's fastest temperature pulldown** and **unmatched temperature consistency**.

WHICH REFRIGERATION SYSTEM DO YOU TRUST?

PERLICK RAPIDCOOL FORCED-AIR REFRIGERATION

AIR IS BLOWN WITH A POWERFUL FAN THROUGH THOUSANDS OF ALUMINUM FINNS, PROVIDING SUPERIOR COOLING

COMPETITOR COLD PLATE REFRIGERATION

AIR IS BLOWN OVER A THIN ALUMINUM SHEET KNOWN AS A COLD PLATE

STAINLESS STEEL INTERIORS FORM + FUNCTION

Every Perlick cabinet, including C-Series models, feature stainless steel interiors. Not only are they beautiful, they serve an important purpose. Stainless steel provides a nonporous, sanitary interior that resists odor and stains unlike plastic. It also offers durability that plastic simply can't match. It's why bars and restaurants demand stainless steel equipment – you deserve the same quality in your home.
