Product Description: Exuding organic elegance and an earthy warmth, the Auberon Burl Drink Table is crafted of book-matched exotic Burl Wood with waterfall edges. The chic square shape is accentuated by a plinth base. The beautiful natural Burl characteristics make each table unique in its authentic pattern.

Finish: Light natural burl. Due to the beautiful natural burl characteristics, a unique pattern is expected from piece to piece.

Features: Square shape

Plinth base

Exotic burl is book matched and waterfalls of the edges

Material: Burl

Finish Construction: M utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: M uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
