**Product Description:** The Banyon Bay King Panel Bed in the Sunbleached leather is a stylish and spacious option for your bedroom. Constructed from white oak solids, oak veneers, and finished leather, the bed showcases a multi-step Desert Oak finish with wire-brushing and cerusing for texture. The leather-upholstered headboard features an open frame and metal supports, combining natural materials with modern design. This King-sized bed includes a headboard, footboard, and rails, offering a complete and cohesive look.

**Collection Features:** Developed with an eclectic mindset, Banyon Bay is youthful and cool, combining precise geometry and gentle contours with natural textures and materials. Delivering smooth contemporary lines, this modern collection is a perfect fit for a casual lifestyle, moving effortlessly between urban, coastal, and mountain settings. Modestly scaled, this collection features white oak veneers and solids in a light Desert Oak finish, accented with an authentic mix of organic materials, creating a cohesive, casual look.

**Status:** New

**Finish:** The multi-step Desert Oak finish features wire-brushing and cerusing

**Features:** King size

Includes headboard, footboard and rails

Leather upholstered headboard with open frame and metal supports

**Material:** White Oak Solids, Oak Veneers and Leather

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

**Leather:** Sunbleached (Finished Top Grain)
