

OAKRIDGE

NIGHT STAND | EM7074IV-N

DETAILS:

Simple but bold in stature, this inspired night stand is the epitome of farmhouse appeal. Each panel is hand-painted using non toxic water-based paint, and then rubbed off meticulously by hand for a beautiful distressed look. The construction is top-notch as well, as seen in the English dovetail drawers and heavy duty hinges. The black square knobs are a nice final touch. All these details come together for a solid wood night stand that's stylish and timeless.
