

# STREAMLINE™ EXTRA FIRM

AIRELOOM®  
CALIFORNIA DESIGN · HANDMADE

## THE PATENTED AIRELOOM LIFT™

We've pioneered a natural chamber between the springs and the mattress-top that allows every element to breathe. When the chamber meets the layers of plush materials, the bed completely synchronizes with your body. It can only be described as a lift.

Hand tufted design

### FABRIC/QUILT

- Ultra-conforming knit with Tencel® and Phase Change material
- Silk/Wool fibers
- FR fibers
- Super Soft quilting foam
- Firm HD foam
- True-Stretch™ cotton backing

### TENCEL® PANEL

Our ultra-conforming knit panel is made with breathable Tencel®. This panel is eco-friendly and incredibly soft to the touch.

### SILK/WOOL

A breathable blend of natural fibers to provide airflow keeps the body cool and dry for lasting comfort.

### TERRAPUR™ LATEX

This hypoallergenic foam has an open cell structure that allows ventilation and even heat distribution.

### AIRELUX™ FOAM

An incredibly durable and resilient foam which conforms to your body and aligns your spine to minimize sleep disturbances.

### COTTON

Eight pounds of pure, breathable cotton allows for natural airflow and softness.

### VISCO FOAM

CertiPur-US certified, it conforms, releases heat rapidly and recovers quickly to its original shape.
