The Kallista Large Desk is a grander version of the smaller writing desk to provide more surface area with equal panache. The mix of dark sapphire and glossy caviar black finishes enlivens the sycamore veneers, and the woodgrain brings the cabinet a hint of distressing. The sleek lines of the piece seem even more tailored thanks to the antique brass detailing. The shape of the door pulls echo this accent. Design details include brass ferrules and soft-close door hinges. We have a number of pieces in the Kallista family of products.
