

The Loreen Wall Clock is a stunning fusion of timeless design and modern functionality. Crafted with precision and care, this wall clock features an antique ocean blue finish on select hardwoods and veneers, adding a touch of vintage charm to any room.

Equipped with a quartz, battery-operated single-chime movement, the Loreen Wall Clock plays the melodious Westminster chimes on the hour while counting each passing hour with grace. Enjoy uninterrupted rest during nighttime hours with the automatic nighttime chime shut-off feature.

The white dial serves as a striking contrast to the black Arabic numerals and minute track, enhancing readability and elegance. Matte black finished hour and minute hands glide smoothly across the dial, guided by a brushed, aged silver finished bezel and protected by a flat glass lens.

A focal point of the Loreen Wall Clock is its pendulum, featuring a brushed, aged silver finished bob complemented by a matte black finished wood stick, adding depth and character to its design.

Powered by four AA batteries (not included), the Loreen Wall Clock ensures reliable performance and timeless beauty for years to come. Elevate your home decor with the Loreen Wall Clock – where classic style meets modern convenience.
