Category: Home Office

Collection: Tynecastle

Color: Warm Chestnut-Colored Alder

Number of Drawers: 3

Style: Traditional

Finish: Medium Wood

Brand: Hooker Furniture

Product Description: With a rustic equestrian flavor, The Tynecastle Writing Desk has a criss-crossed beam-like base reminiscent of rafters in a barn, elevated by chunky feet. Crafted of Poplar Solids and Figured Alder Veneers, the desk is finished in a warm chestnut color. A center drawer with drop-front allows for keyboard use. Two utility drawers with 3 slots and 2 removable dividers in each drawer. One writing slide and one pencil tray for use in either drawer.

Collection Features: Named for the Tynecastle area of Northern England, the 50-piece Tynecastle collection is inspired by the manor homes and equestrian life of the English countryside. Tynecastle combines classic Georgian architectural details with more rustic timber-frame elements and leather accents, creating a "manor home to tack room" Hunt Country flavor.

Status: Active

Finish: A warm, chestnut-colored, physically distressed finish over figured Alder veneers create a canvas of comfort and classic appeal for the Tynecastle collection, accented by custom hardware in an aged copper finish. Distressing includes scratch antiquing, rock, cow-tailing and rasping.

Features: Center drawer with drop-front for keyboard use
Two utility drawers with three slots and two removable dividers in each drawer
One writing slide and one pencil tray for use in either drawer

Keyboard space: 24W x 16 - 19D x 2 1/2H

Knee space: 24 1/4H

Material: Alder Veneers

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
