

Foster Cooktops

Milano Rangetop 4F Line - 48" x 27" - **3154 900**

HIGHLIGHTS

Performance and practicality.

The weighty enamelled cast iron grid has extraordinary dimensions, with a working surface up to 50% bigger compared to a normal domestic cooker hob.

Burners.

The state-of-art European technology: high efficiency, power and precise control. The AE dual burner allows ultra-high and ultra-low temperatures thanks to two independent crowns of fire.

Metal Knobs.

Exclusive and original the Foster metal knobs are an example of the strength and quality of the materials used. A distinctive feature shared by all the Foster elements in this collection, to form an elegant uniformity in the kitchen.

Safe Cooking.

All Foster cooker hobs are equipped with safety valves. These shut off the gas supply very quickly if the flame accidentally goes out. The utmost freedom of movement it is guaranteed by the electronic under knob ignition that allows a one-hand movement.
