Fern Coffee Table

Consider this your new centerpiece—quietly confident, never busy. Fern pairs an oval White Banswara marble top with smooth, capsule-like curves for an organic, modern feel that settles a room instantly. Softly curved legs echo the tabletop for a cohesive silhouette, while the mix of natural stone and warm oak keeps things grounded. A lower oak veneer shelf adds an easy landing spot for books, remotes, or objects worth showing off. Pretty, practical, and well-balanced.

- Organic Oval Shape: Capsule-inspired curves and an oval top create a calm focal point that works with modern seating and more layered, lived-in rooms.
- Stone And Oak Mix: White Banswara marble pairs with solid oak for a grounded contrast—cool on top, warm below, always easy to style.
- Cohesive Curved Legs: Rounded legs mirror the tabletop profile for a unified look that feels intentional from every angle, not like parts assembled together.
- Shelf, Sorted: An oak veneer lower shelf adds everyday storage and display space, keeping the surface clear without sending your essentials out of reach.
