SKU: P361140

Availability: In Stock

Type: Nightstands

Category: Bedroom

Collection: West End Loft

Number of Drawers: 2

Style: Transitional

Finish: Dark Wood

Brand: PFC

Product Description: Create an aura of timeless elegance in your bedroom with the West End Loft 2-Drawer Nightstand. The nightstand features USB-C outlets and two drawers that provide convenient storage space for essential items like books, reading glasses, or personal belongings. A dark tuxedo finish adorned with small-scale reeding and luxurious vertical hardware is a decorative element that adds texture and a subtle, stylish touch to the overall design. Whether placed beside your bed or as an accent piece in your bedroom, this nightstand serves a functional purpose while adding a touch of glamour and sophistication to your sleep sanctuary.

Collection Features: The West End Loft bedroom and dining room collection is inspired by a traditional reeded design element but with today's elevated style. The small scale reeding is accented by a luxurious piece of vertical hardware in the center of the case.

Status: Active

Finish: The dark tuxedo finish exudes character and timeless appeal

Features: An exquisite blend of classic, transitional design and contemporary flair. Features USB-C outlets and two drawers, offering storage space for small items that might be needed during the night. Small-scale reeding adds a touch of refinement, elevating the overall aesthetic to new heights.

Material: Ash Wood Veneers

Drawer Construction: English Dovetail Drawer Construction

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
