AEG

## 24" Built-In Coffee Machine Stainless steel with Anti-fingerprint

### FEATURES & BENEFITS

#### Barista-level coffee. Served to taste

The at-home solution enables barista-level coffee, from an intense espresso to a frothy cappuccino, as well as a wide selection of other hot drinks. Everything made to taste using the highly-responsive command wheel with clear colour.

#### Subtle blends. Intense espressos. Or anywhere between

From an espresso shot to a subtle blend, choose a coffee that suits. The quantity can be adjusted to measure out the precise amount, and the aroma selection allows for a range of coffee strengths, from mild to intense.

#### The exact amount of milk for every coffee

Whether a silky latte macchiato or a foamy cappuccino, use the milk quantity function to get the ideal consistency in each coffee. Specify the exact amount of perfectly steamed milk for any cup. Ensuring the texture is just right, every time.

#### Perfectly prepared milk. Truly exceptional coffee

Get the texture of milk exactly right when using the thermal jug. It keeps milk at the ideal conditions for the perfect foam, allowing the consistency to be adjusted to suit any coffee – whether a flat white, cappuccino, or anywhere between.

#### Up to six cups of coffee at a touch

The MultiCup setting is ideal for serving several guests at once. Use the responsive command wheel to select up to six coffees, which are made in one go. Providing exceptional coffee without the wait.

### AVAILABLE COLOURS

Stainless Steel trim with antifingerprint coating, black glass frame

### GENERAL PROPERTIES

Type	Coffee Machine
