Product Description: The Archives Writing Desk combines historical charm with modern functionality, ideal for creating a sophisticated home office. Its design features rich birch and oak veneers, a unique mottled amber-faux-tortoise shell accent finish, and woven cane top with a protective glass insert. Perfect for both writing and work, this desk offers three drawers, a drop-front center drawer for a keyboard, and removable dividers for organization. The satin brass custom knob hardware adds a luxurious touch, making it the perfect blend of style and practicality.

Collection Features: Archives taps into a design trend that mixes modern, trendy styles with historic elements, known as "hipstoric". Complementing a variety of design styles with timeless forms and elements, the trend creates a sense of undeniable luxury. Layering rich and authentic materials, such as figured walnut veneers, top grain leather, woven raffia, and polished marble, Archives' assortment speaks to consumers who yearn for structured elegance with a dash of mystery.

Woven cane top insert with protective glass writing surface

Bamboo motif trim

Material: Birch Veneers, Oak Veneers, Cane and Ultra-White Tempered Glass

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
