**Over the Range
Microwave Oven
CVM517P**

The power cord of this appliance is equipped with a **125 Volt NEMA 5-20 three prong plug** which mates with a NEMA 5-20 three-prong (grounding) wall receptacle to minimize the possibility of electric shock hazard from this appliance.

ELECTRICAL REQUIREMENTS

Product rating is 120 volts AC, 60 Hertz, 20 amps and 1.75 kilowatts.

This product must be connected to a supply circuit of the proper voltage and frequency. Wire size must conform to the requirements of the National Electrical Code or the prevailing local code for this kilowatt rating.

The power supply cord and plug should be brought to a separate 20-ampere branch circuit single grounded outlet.

The outlet box should be located in the cabinet above the microwave oven. The outlet box and supply circuit should be installed by a qualified electrician and conform to the National Electrical Code or the prevailing local code.
