Stock Status: In Stock

Available: 41

**Type:** Nightstands

**Category:** Bedroom

**Collection:** Lawson's Creek

**Number of Shelves:** 0

**Number of Drawers:** 3

**Style:** Transitional

**Finish:** Medium Wood

**Brand:** SLF

**Product Description:** Enhance the functionality of your bedroom with the Lawson's Creek 3-Drawer Nightstand with a USB-C Port. The nightstand features a sturdy, sleek design in a weathered oak finish that complements various bedroom decor styles. The three drawers provide practical storage to help keep the bedroom tidy and organized, while a discreetly placed USB-C port allows for fast charging of compatible devices. This nightstand combines functionality with modern convenience, making it the ideal choice for your home.

**Collection Features:** Farmhouse style and elements of transitional design effortlessly combine to create a welcoming atmosphere with the Lawson's Creek bedroom collection. The weathered oak finish and aged pewter accents add timeless charm and warmth to the overall look. Heavy crown molding creates depth and shadow, enhancing the overall appearance of this group.

**Status:** Active

**Finish:** A weathered oak finish gives a muted, worn look, capturing the essence of time

**Features:** Transitional farmhouse style combines warmth and simplicity with a timeless appeal  
Three drawers and a USB-C port offer bedside storage and a convenient charging solution  
Traditional detailing and aged pewter hardware exude a sense of elegance and refinement

**Material:** Oak Wood Veneers

**Drawer Construction:** French and English Dovetail Drawer Construction

**Frame Construction:** Samuel Lawrence Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
