

TRUFORM

11.5" ENHANCE | ULTRA FIRM

CertiPUR-US® Certified

Made in the USA

10-Year Limited Warranty

THE BUILD

- Fire barrier is made from a blend of fine denier silica-based rayon and other polymeric fibers that are thermally bonded and lofted.
- Two Medium Firm Quilt foam layers are designed to conform to your body while providing long-lasting support.
- The 1.75" firm high-density upholstery foam layer is designed to provide long-lasting support for your body throughout the life of the sleep system.
- A non-woven insulator high-density fiber pad that provides stability, and support to your mattress.
- The 6" VertiCoil system is foam encased and has a strong perimeter and consistent coverage across the entire surface of the bed, which helps reduce sagging and roll-off.
- The 1.75" medium-feel upholstery foam layer is designed to gently conform to the body's contours while delivering long-lasting support and resilience. This layer enhances overall comfort and helps maintain mattress integrity over time.
