

# Smooth Top Hybrid 12"

WARRANTY - 10 YR NPR

## ZIPPER COVER

The unique technology used in the fabric of this cover creates an instant and long lasting cooling effect.

## 3X COOLING

Three exclusive sleep technologies.

- Cooling fiber in the cover delivers an ultimate cool touch surface to help you fall asleep faster.
- An inner layer directly below the surface acts as a temperature regulator to help you stay asleep longer.
- Graphite Memory Foam pulls heat away while you sleep to help you wake up feeling rejuvenated.

## GRAPHITE MEMORY FOAM

Offers a supportable, breathable, hypoallergenic sleep environment that helps regulate temperature close to the surface of the mattress.

## Q5 TWIN<sup>®</sup> SUPPORT

Restonic's exclusive technology delivers 5 support zones for correct spinal alignment. Provides deep, individualized comfort over the entire surface of the mattress.
