

PRODUCT HIGHLIGHTS

LED TV

- Full HD 1080p
- Clear Motion Rate 120

Enjoy your favorite shows and movies in brilliant Full HD 1080p resolution.

Turn on true high-definition entertainment with the Samsung UN39EH5003 LED HDTV. Start with the stunning clarity and picture-perfect detail of Full HD 1080p resolution on a 39-inch LED screen. A 120 Clear Motion Rate ensures smooth and fluid action. And the Wide Color Enhancer Plus means colors are more realistic – from the deepest dark tones to the brightest whites.

UN39EH5003 39" Class LED HDTV with 1080p Resolution

PICTURE QUALITY

Full HD 1080p: With twice the resolution of standard HD TVs, Samsung TVs deliver images that are guaranteed to amaze and bring pleasure to your home entertainment experience. The realistic texture of Full HD images invites you to enjoy a viewing experience that redefines reality.

Clear Motion Rate (CMR): A comprehensive measure of a TV's ability to display images in motion. The higher the CMR, the better. Samsung achieves high CMR numbers based on panel processing advancements. See the picture quality difference for yourself.

Wide Color Enhancer Plus: Allows you to see picture color the way the director originally intended, brought to life on your screen to bring you exceptionally vibrant, yet natural-looking images and depicts subtle details and tones.

AUDIO

10 watts x 2 audio power stereo broadcast reception: Supports multi-channel sound (MTS) and second audio program (SAP) with 181-channel capacity.

Dolby® Digital Plus/Dolby® Pulse: An advanced surround sound audio processing feature designed to optimize the TV's sound quality.

CONNECTIONS

HDMI®: 2
HDMI® (High-Definition Multimedia Interface) is a convenient, high-quality single cable digital audio/video interface for connecting the TV to a digital cable box, satellite box, DVD/Blu-ray Disc® Player, PC computers, PC portable devices, new generation tablets and devices featuring the HDMI® output.

USB: 1
Universal Serial Bus (USB) is an industry standard for connecting a variety of computer, audio and video devices to the TV. USB movie capability allows the streaming of video from storage devices, cameras, camcorders and USB drives.

Component in: 1

Shared composite in: 1 AV

ConnectShare™ Movie: Have movies and pictures on a USB drive? Now easily view that content right on the TV. Just plug the drive into the USB port and you are ready for a big screen experience.
