

Lowtide Ottoman Amber Glow

COLORS: Yellow

OVERVIEW

Influenced by the playful forms of the 1970s, the Lowtide ottoman showcases a layered appearance that promotes comfort. Its vintage influence and understated elegance are enhanced by the use of textured fabric. On its own or combined as a modular sectional, this piece adds visual interest while allowing for creative arrangement possibilities.

- Solid wood & plywood frame with tongue & groove wood joinery
- Frame made from kiln-dried wood. Solid woods react dynamically to their environment & may swell & crack with changes in humidity & temperature, the kiln-drying process prevents the wood from warping or developing small cracks over time, resulting in highly durable furniture. Kiln-dried wood doesn't require harsh chemical treatments as the heat effectively sanitizes it
- 100% Polyester upholstery over foam core, polyfill-wrapped cushions with webbing seat support
- No assembly required
