

The ultra-thin 23/4" Glide brings a sleek understated look to modern kitchens that desire minimalism. The crescent shape profile is uncommon and attractive, while the retractable, curved glass visor helps capture cooking vapors, and empowers the user to operate the blower and lights without reaching for the controls. Glide comes equipped with a 400 CFM blower, plus reliable electronic push button controls operate 2 LED lights and the 4-speed blower. Easy maintenance and a cleaner kitchen are ensured by a dishwasher safe, stainless steel mesh filter.

Glide is designed for standard ducted installations, but can also be installed as a recirculating system.

PLUS FEATURES

LED LIGHT - LED lighting is undoubtedly the smartest solution in terms of energy saving. Expected life time of over 20.000 hours, represents the most remarkable advantage of LED light bulbs.

CLEAN FILTER ALARM - When activated, your hood will emit a "beep" signal to let you know when is time to clean your filters. For some models, an intermittent light will remain active until cleaning filter action is completed. See instructions manual to activate feature.

REPLACE FILTER ALARM- When activated, your hood will emit a "beep" signal let you know when is time to replace the carbon filters. See instructions manual to activate feature.
