

Stearns & Foster® Latex Pillow

with moisture-absorbing TENCEL™ cover

Fall into your best sleep yet with our new latex bed pillow from Stearns & Foster®. The pillow features sustainable Talalay latex foam, which supports your head and neck and helps to enhance breathability for a more comfortable sleep. The TENCEL™ stretch-knit cover helps wick away moisture to keep your body feeling pleasantly cool and dry throughout the night.

Breathable Comfort

Sustainable Talalay latex core foam cradles your head and neck and helps to enhance breathability for a cooler, more comfortable sleep. It offers buoyant support that will not crush or flatten.

Moisture-Absorbing Cover

TENCEL™ stretch-knit cover helps absorb moisture to keep your body feeling pleasantly cool and dry.

Expanded Side Panel

Gusset side panel adds thickness, which helps to expand and give structure to your pillow, preventing it from flattening.

Easy Care

TENCEL™ stretch-knit cover is removable and machine washable for functional care.
