Inspired by the tropical craftsmanship of the West Indies and the woven cane accents of classic British and Dutch Colonial design, the Charleston Upholstered Seat Side Chair has an oyster-colored fabric seat and a cane back. The finish is Verdigris Green, also known as "true Charleston Green." The color is the result of the natural patina formed when copper is exposed to air and seawater. This weathered green color represents years of Low Country heat and moisture degrading the pure pigment color, creating a truly venerable aesthetic.
