## Believe Me 1

D2217S44322-3562

Believe Me is a classical Greek-sculpture-inspired drawing featuring the bust of a woman. The work on textured paper emphasizes the woman's angular features and porcelain beauty as she fills the picture plane. Exquisite drawing techniques capture the fine details of pleated hair, full lips, and smooth complexion that give the work dimension. The addition of the Belgique-Antwerpen deckle frame completes the classical work.

Through perceived facial movement, Believe Me viewers are led to imagine a conversation between the textured paper's subject and a just out-of-frame figure. An original and exclusive addition to ART by TA.
