

Outdoor Cushion Cover

Behind the Design

Made from highly durable 100% olefin, our seat cushion coverings are UV-resistant, water-repellent and quick-drying.

Care Instructions

- Iron fabric on lowest heat setting to release wrinkles that may form while in packaging.
- Machine wash on gentle cycle, then tumble dry on low heat, spot-cleaning any visible markings by hand before machine washing. Do not over-dry. Dry cleaning is not recommended for olefin-based fabrics.
- To prolong life of fabric, we recommend removing outdoor cushions from direct sunlight and other elements when not in use.
