

KINCAID

DRAWER CHEST

ITEM # 63-105V

There is a concept in furniture design that suggests that what finally makes a piece of furniture beautiful or not comes down to the finish. In the case of fine, solid wood furniture, it also assumes that the materials selected are beautiful as well. The Cherry Park Drawer Chest fits this philosophy well. It is a simple, functional piece of furniture made with select solid cherry and treated to a hand-rubbed finish.

- Five drawers
- Cherry

Solid Wood - Made
using genuine solid
wood construction
