WARNING

1. The table should not be lifted with the base attached.
2. Do not assemble the table (top to base) until the base is placed where the table will remain, and then attach the top.
3. Do not move the table from one location to another without detaching the top so that the top and base are moved separately.
4. Do not lift or move the table by lifting on the outer edge of leaves of top panels. If the table must be moved slightly grasp under the apron instead of under the outer edge.

Never attempt to lift the table by grasping under the leaves when open.

Company is not responsible for any damage by not following the instruction.

5. See assembly and operation details inside this carton for more details.
