

UltraGold MC

Uniquely voiced by lead MoFi Electronics engineer Allen Perkins, UltraGold MC offers exceptionally wide frequency response, clear high-frequency transients, stunning dynamics, and incredibly rich detail.

Type:	Dual Moving Coil Stereo
Weight:	7.3g
Tracking Force:	1.8– 2.2g
Recommended Load:	$\geq 100 \text{ Ohm}$
Static Compliance:	$40 \times 10\text{e-}6/\text{dyne}$
Dynamic Compliance:	$10 \times 10\text{e-}6/\text{dyne}$
Frequency Response:	20-35,000Hz
Output Voltage:	0.4mV
Stylus:	Shibata

StudioSilver

Crafted in Japan, the StudioSilver cartridge combines a Nude MicroLinear stylus with a boron cantilever for unparalleled precision. Its neodymium magnet, permendur yoke, and PCOCC coils amplify every detail.

Type:	Dual Moving Coil Stereo
Weight:	7.2g
Tracking Force:	1.8– 2.2g
Recommended Load:	$\geq 100 \text{ Ohm}$
Static Compliance:	$40 \times 10\text{e-}6/\text{dyne}$
Dynamic Compliance:	$10 \times 10\text{e-}6/\text{dyne}$
Frequency Response:	20-33,000Hz
Output Voltage:	0.35mV
Stylus:	Nude MicroLinear
