Zane Marble Bookends Set Of Two

Books deserve a strong supporting cast. The Zane Marble Bookends Set of 2 brings weight, color, and natural character to your shelves—functional first, but never boring. Each piece is carved from green marble, so the tone and veining shift from set to set (that's the point). Clean, sculptural forms keep the look modern while the stone adds a grounded, lived-in feel. A practical accent that also reads like art.

- Sculptural Shelf Moment: Clean, modern forms turn everyday stacks into a styled vignette, adding a grounded green accent to shelves, desks, and consoles.
- Natural Green Marble: Made from green marble with organic tone and vein variation, so every set has its own pattern and personality.
- Stone-Forward Weight: Solid marble construction stays put, keeping books upright and giving your setup a stable, well-made feel over time.
- Set Of Two: Comes as a pair for balanced book support—use together on one shelf, or split them up for styling across the room.
