

# MTC75

The Kanto MTC75 height adjustable TV cart is the perfect companion for digital whiteboards and interactive displays. Designed for easier presentations, this all-in-one stand features a motorized lift for quick height adjustments. Built-in accessories like a locking cabinet, camera shelf, device tray, and dedicated attachment points allow you to connect your mini-PC and store AV equipment. The MTC75 motorized TV stand is UL listed and is suitable for public use. Includes handles and lockable 4" wheels for extra grip and safety.

## FEATURES & SPECIFICATIONS

## TECHNICAL ILLUSTRATIONS

### MOTORIZED HEIGHT ADJUSTMENT

The Kanto MTC75 rolling TV stand features a motorized lift for quick height adjustments and optimal viewing. Wired remote included.

### ATTACHMENT POINTS

Includes a camera shelf, device tray, and a mounting plate with attachment points for AV gear or mini-PCs. Connect your laptop or other collaborative gear wherever the cart goes.

### COMPACT BASE

With a compact nesting base, this motorized lift AV cart fits through doorways and small storage spaces, making it shareable across departments.

### LOCKABLE CABINET

Stay organized and keep all components in one place. Secure your cables and other gear in the included locking storage cabinet with two included keys.

### EASY MANEUVERABILITY

4" lockable wheels provide ease of movement on carpets and over thresholds. The included handles assist in movement without the need to touch the display.
