Han Dynasty Jade Jewel

1200-0861

In Stock | Sale

Overall: 10.5"h x 11"w x 3.75"d

Finish: Bronze / Black

Materials: Jade / Metal

Item Weight: 4 lbs.

The Han Dynasty Jade Jewel, which is made of a bronze-colored stoneware, emulates a famed jade carving and sits atop a metal stand in a black finish. The profile represents how important jewels were to women during the great Chinese dynasties; this particular piece worn on the chest. The name of this rich brown sculpture reflects that it is made in a Han Dynasty style, and it is carved on the front and the back.
