ASHENWEALD

SECTIONAL | SM5404-SECT

DETAILS:

Relax in style on this large U-shaped sectional. The interplay between the two shades of brown creates a catchy two-tone color scheme that will surely pop in your living room. The mixed materials are a unique feature as well--the backs and seats are of soft line-like fabric, while the frame and arms are upholstered in microfiber. A movable bottom ottoman allows for the position of the chaise to be configured as you please, either to the left or the right of the piece.
