## Cates Dream Modular Sectional Pebble

Smart design. Easy comfort. The Cates delivers sink-in softness with a frameless, foam-based build that feels as good as it looks. Made entirely from dense foam, memory foam, and fiber fill—no frame, no tools—this modular sectional ships vacuum-sealed in space-saving boxes and expands fully within 24 hours. With wide arms, soft back cushions, and a grippy base that stays put, it's lightweight, low-profile, and endlessly adaptable—designed to flex with the way you live.

- Streamlined Style: Soft proportions and clean lines create a contemporary, modular silhouette that suits both compact apartments and expansive layouts.
- Textured Durability: Upholstered in 100% polyester with a soft handfeel and a 50,000 rub count for everyday resilience and lasting comfort.
- Frameless Comfort: High-density foam, shredded memory foam, and fiber cushions offer cozy, full-body support—without a traditional wood frame.
- Vacuum-Sealed, Small Parcel: Ships compressed in compact boxes to simplify delivery and fit through tight spaces—ideal for apartments, walk-ups, and smaller-scale living.
