MATTRESS DIMENSIONS

Due to differences in materials and construction, mattress dimensions can vary by manufacturer, with an industry standard of 1.5-inch tolerance. Miskelly Sleep mattress sizes are:

ADJUSTMENT PERIOD

As with a new pair of shoes, after so many uncomfortable years on your old bed it may take time to get your body accustomed to your new bed and for the materials in the mattress to break in. This adjustment period typically requires from 3 to 4 weeks as your muscles and joints adjust.

BODY IMPRESSIONS

The comfort layers of a mattress naturally conform to your body and often result in impressions. These body impressions are normal and therefore do not mean the mattress is defective.

To prevent excess body impressions, you must rotate your mattress. Rotating our mattress equalizes the natural compressions that normally occur. Rotate your Miskelly Sleep mattress every three months.

“Rotate your Miskelly Sleep mattress every three months”

A BODY IMPRESSION occurs when the comfort layers of a mattress naturally settle and conform to an individual's unique body.

SAGGING is often caused by improper foundation or frame support.

MATTRESS DURABILITY AND LIFE

The Better Sleep Council suggests that the average effective life of a new mattress is 8-10 years. This is determined by your unique needs and preferences. The effective mattress life is based on comfort preferences and not manufacturing defects. Like a good pair of shoes, they wear in and become more comfortable over time, but eventually wear out due to no fault in their manufacture.

“Affective mattress life is based on comfort preferences and not manufacturing defects.”

BED IN BOX EXPANSION AND SMELL

Please allow your compressed mattress 24-72 hours to fully expand.

Do not keep your compressed mattress boxed for longer than 4 months.

Off-gassing may cause you to notice a 'chemical smell.' This occurs after the packing is removed and should take only a few days to clear up.

MATTRESS CARE

DO NOT

- **DO NOT** Allow your mattress or foundation to become stained, soiled or unsanitary. This will void your warranty.
- **DO NOT** Jump or stand on your mattress Sleep Set. Misuse of this kind could cause unnecessary damage and will void your warranty.
- **DO NOT** Use dry cleaning type fluid on your mattress. Such chemicals can damage the components of your mattress.
- **DO NOT** Place your mattress on any uneven surfaces.
- **DO NOT** Smoke in bed or expose your mattress to flames of any kind.

PROPER FRAME IS NECESSARY

A stable, supportive frame is necessary to prevent sagging.

To comply with the warranty, Queen and King size beds must be on a frame that has solid center support. The Queen must have at least one center support leg, and the King must have at least two legs to ensure proper bed support. Make sure that all the legs are level.

PROPER FOUNDATION

It is important to replace an existing box spring with a new model when investing in a new mattress. Using an old box spring with a new mattress has three disadvantages

- The new mattress may feel different once it is set up at home.
- The old box spring may not have the proper support and will thus negatively affect the feel of the new mattress.
- The old box spring may cause the new mattress to sag or wear more quickly.

MOVE MATTRESS CORRECTLY

DO NOT fold, bend or curl your mattress. Damages inflicted while improperly moving your mattress voids your warranty.

WARRANTY

MISKELLY SLEEP MATTRESS LIMITED NON-PRORATED WARRANTY

Miskelly Furniture sells and manages your new Miskelly Sleep mattress warranty coverage. It warrants your new mattress, except for bed handles and cover fabrics, to be free from defects in material and workmanship ("defects") existing at the time of manufacture and appearing within the applicable warranty period. The coverage is being insured by an independent insurance company. Miskelly Sleep standard warranty is a 15 Year Limited Non-Prorated Warranty.

The warranty is effective whether the mattress is purchased with a corresponding foundation, or either mattress or foundation is purchased separately. However, use of an improper foundation may cause damage to the mattress and voids this warranty.

Transportation costs are not covered by the warranty.

This warranty is valid only for the original purchaser, and valid only for residential use. The original invoice must be presented at the time of any claim. Contract and commercial usages are not covered by this warranty.
