SOFA | SM1207-SF

DETAILS:

This sofa collection features subtle classic designs that pair beautifully with any transitional living room. Edges of the slightly flared arms and the seat cushions are trimmed in body color welt, while loose back pillows bring the more casual vibe. Simple textural patterns on the accent pillows and the matching chair bring the set to life. And you can never wrong with the always-on-trend neutral beige--the perfect palette for a space wanting a more mature visual update.
