

# Modesto Concrete Table

FPBL60

**\$0.00**

The Modesto dining table's crisp, modern appeal comes from the clever interplay of its smooth

## Product Description

- Straightforward confidence. The Modesto dining table's crisp, modern appeal comes from the clever interplay of its smooth concrete top and pull-through pedestal base. Wire brushed White Oak veneer is capped with Ash end grain and pulled through each table for handsome contrast and a striking finish.
- Square table top is made from hand-poured fiber-reinforced concrete, which has the natural look and feel of concrete with less permeability and improved impact/abrasion resistance. A foam core keeps the table light.
  - Semi-porous wax finish over natural concrete – unattended spills may leave stains. .
  - Base made from wire brushed White Oak veneer with Ash end grain.
  - Seats 4.

## Specifications - Units (Weight: lbs Dimensions: Inch)

Weight	151.0000
Height	30
Width	40
Depth	40
Cube	13.12

Recommended Care	<p>Clean with a slightly damp cloth and dry immediately with a lint-free cloth. Never use abrasive or acidic cleaning products.</p> <p>Use coasters and placemats to help prevent marking and stains; clean up spills as soon as possible. Do not cut directly or place hot pans on the concrete top to avoid damaging the sealer.</p> <p>We recommend re-waxing the table surface every 3 to 6 months depending on use, with a praraffin-based stone floor wax. Additionally, resealing becomes necessary when highs and lows in the sheen of your table top become visible. This basic care will ensure the longevity of your purchase.</p>
