

CYPRESS^{OUTDOOR}

Because even kitchens designed for the great outdoors need a pro-style ventilation hood, this open-air cook's dream can handle the heat of outdoor gas grills with up to four 600-1100CFM internal and external blower options. The seamlessly contoured, corrosion-resistant 316-grade stainless steel canopy houses high-performance stainless steel baffle filters that enhance airflow and are also dishwasher safe. Two-speed, marine-grade rocker controls withstand extreme heat and moisture. Options include a vinyl hood cover to protect the finish, even in salt water environments, and a 316-grade 12" duct cover.
