

# ALPINE II

## Extra Firm

Designed to relieve pressure in the shoulder and hip areas, the latest RESTONIC COMFORT CARE™ beds each feature Cooling Covers, multiple levels of high quality foam and 25% more support in the center third. From the very beginning, almost 100 years ago, pressure relief, proper spinal support and alignment have been a fundamental focus in all of our mattress designs

### FIRMNESS RATING

firm ●●●●● soft

### CLIMATE ADAPTION

warmer ●●●●● cooler

MATTRESS HEIGHT 12.5 INCHES

### UNIT COIL COUNTS

TWIN: 247      FULL: 342      QUEEN: 420      KING: 520

### COOLING COVER

Cooling technology for better temperature control

### MARVELOUS MIDDLE™

More coil support in the center third providing pressure relief and weight distribution

### TRADITIONAL COILS WITH HELICAL WIRES

Utilizing our 13 gauge traditional coil and adding head-to-toe support with less motion. NOT MOTION BASE ADJUSTABLE.

### FOAM ENCASEMENT

The 3" foam encasement gives more sleeping surface area and lasting edge-to-edge support
