

U68QG

Mini-LED QLED AI TV 144Hz – Google TV

Step into immersive entertainment with the Hisense U68QG AI TV. Mini LED and Quantum Dot Colour technologies deliver vivid colours, sharp contrast, and incredible detail. Game Mode PRO with 144Hz refresh rate, VRR, AMD FreeSync Premium and Auto Low Latency Mode ensures ultra smooth and responsive gameplay. Full Array Local Dimming enhances black levels and brightness for a true to life picture, perfect for sports, movies and gaming.

Mini-LED

Smaller LED's allow for more of them to be incorporated into our back-light technology. This leads to the delivery of superior brightness, richer colours, and sharper details compared to conventional LED TVs.

144Hz Refresh Rate

Whether it's sports, action movies or pure gaming, this high frame rate greatly reduces motion blur to reproduce a clearer picture.

Game Mode PRO

Serious gamers wanted! With a winning combination of technology, 144Hz Game Mode PRO is the one to beat. A variable refresh rate from 48Hz to 144Hz ensures that your console and PC gaming will meet any opponent head on. AMD FreeSync™ Premium and Auto Low Latency Mode virtually eliminate screen tearing and controller input lag. Dominate the game, it's time to level up!

Dolby Atmos Sound (2.1 Channel with built-in Subwoofer)

Elevate your auditory experience with Dolby Atmos, an award-winning audio technology that reveals details you've never noticed before. Take your movie nights and gaming sessions to the next level with a 2.1 channel system featuring two main speakers and a built-in subwoofer.

Smart Home Ready

Effortlessly control your TV and connected devices through Google Home and Apple Home, creating a smarter, seamless experience for ultimate convenience and entertainment at your command.

QLED

Quantum Dot Wide Colour Gamut technology reproduces over a billion colour combinations for a wider spectrum of colours for true to life images.

Hisense AI TV

Hisense Hi-View AI Engine processor enhances every frame with advanced scene recognition, optimizing skin tones, graphics, and contrast for lifelike visuals. It also intelligently enhances sound and energy efficiency for a truly immersive experience.

Full Array Local Dimming

Equipped with dimming zones combined with state-of-the-art video processing, the results deliver a striking contrast with intense black levels and vibrant colour reproduction.

Total HDR Solution

Hisense TVs have taken the sensible approach to HDR with support for all major formats, including Dolby Vision, HDR10, HDR10+, and HLG. Never worry about subpar video quality or compatibility again.

4K AI Upscaler

Experience unparalleled 4K quality with Hisense's innovative 4K AI Upscaler. Unlike traditional upscaling, it computes neighbouring pixel colours, restoring lost details and reducing image noise. Elevate your viewing with refined picture quality for all your favourite contents.
