

PELHAM

SECTIONAL | SM8189-SECT

DETAILS:

This sectional is a elegantly-inspired modern delight. It can transform into a progressive design statement when combined with uniquely patterned accessories like these pictured (one chair, an ottoman and matching pillows) and create a complementary and cohesive room theme. The couch and sofa are connected by a center wedge, all exceptionally plush, upholstered in a soft weave fabric blend. Flat concealed legs, smooth corners and an overall low-profile enhance a truly inviting appeal that offers a seating variety that is especially accommodating.
