Vila 9 5 In Sculptural Vessel Cream White

Small in size, big on shape. The Vila Sculptural Vessel brings a playful modernist curve to your shelf styling—like a little art object that happens to have a handle. Made from Ecomix (a more environmentally friendly blend of recycled paper, natural gum, and chalk powder), it keeps things light while still feeling intentional. A cane-wrapped handle adds warmth against the Cream White finish. Decorative only, not water safe.

- Playful Modern Shape: A sculptural, modernist silhouette adds an art-forward accent to shelves and consoles, giving your styling a confident curve and balance.
- Ecomix Composition: Made from Ecomix—recycled paper, natural gum, and chalk powder—for a lighter-weight decorative piece with a more considered material story.
- Cane Handle Detail: A cane-wrapped handle brings texture and contrast to the Cream White finish, adding a warm design note and an easy visual focal point.
