

Giselle Round Dining Table

F104

Availability: In Stock

DESCRIPTION

The modern farmhouse aesthetic is here to stay, and we have the perfect dining room table that will bring a welcoming touch to any gathering in our Giselle Round Dining Table. The undulant profiles on the adjoining legs bring a bit of European flair to this piece that has its roots in the South of France or the Gustavian era in Sweden. We also offer the Giselle in a rectangular dining table for larger spaces that is seriously commanding.
