Popular Configurations

Note: Always assemble configurations from right hand facing to left hand facing components.

How We Measure

Height - measured from the highest point of the back pillow to the floor.

Depth - measured from the front edge of the seat cushion to the top of the back.

Width - measured from the widest point of the arm or arm pillow to the widest point of the opposite arm or arm pillow.

Arm Height - measured from the top of the arm to the floor.

Seat Height - measured from the crown of the seat cushion to the floor.
