STUDIO SELECT SOCK ARM SOFA

The 83 inch Studio Select Sofa offers a fresh take on the casual sock or rolled arm silhouette. As part of the Studio Select design-your-own collection, The Small Sock Arm shown here is paired with the option of top-stitch seams which removes welt. We love the simple, clean look of this top-selling configuration. It measures slightly wider or narrower depending on the arm selection. A key feature of Studio Select is the 36" overall depth with provides an inside seating depth of 22 inches and a neutral 20 inch seat height that appeals to most customers as it is both comfortable and supportive. As part of Kincaid Furniture's Studio Select design-your-own collection, it can be specified in lengths as small as 73" wide, it is available as a sectional, can be configured with five different arm styles, three different bases/feet, and a variety of other details to make it your own! To customize and drape fabric on this sofa, please visit the Studio Select tool found in our Build Your Own section.

Unitized Frame Construction - Kincaid upholstery features Unitized Frame Construction for stronger, longer lasting upholstery

Lifetime Upholstery Warranty - Our lifetime upholstery warranty covers the frame, springs, and cushions (see full warranty for details)
