Portable Wireless Speaker

Make it a show anywhere with this portable Bluetooth®¹ speaker with Extra Bass™, multi-color line light and flashing strobe— all in a water-resistant design for worry-free listening indoors or out³. Connect and synchronize up to 10 speakers for a real show and never stop rocking with up to 24 hours of battery life⁴. It's ready to perform.

Features

Feel the music with EXTRA BASS™

Hit the EXTRA BASS™ button to get things going. Dual passive radiators work together with stereo full-range speakers to enhance low-end response—giving bass a boost despite the compact size.

Connect and stream music easily with Bluetooth® and NFC

Connect your smartphone with the one-touch ease of NFC and get the beats going instantly. No NFC? No problem. Connect via Bluetooth and you're ready to go.¹ You'll also enjoy better Bluetooth®, LDAC⁴ transmits approximately three times more data (at the maximum transfer rate: 990 kbps) than conventional Bluetooth® audio for a superior wireless listening experience.¹

Build energy with flashing lights

Get the atmosphere right with a multicolored line light and flashing strobe.

Get things booming with Wireless Party Chain

Enjoy the same song with Wireless Party Chain. Connect up to 10 wireless speakers via Bluetooth® and synchronize the music and lighting so everyone's dancing to the same beat.²

Add an extra speaker for room-filling stereo sound

Simply connect two wireless speakers for wider stereo sound.

Water-resistant design

Whether you're listening to tunes indoors or outdoors, you can relax knowing the wireless speaker is IPX5 water resistant.³

Up to 24 hours of battery life

Play music all day and night with up to 24 hours of battery life. The voice feedback function tells you the remaining battery level and when it's time to recharge.⁴

Small and light design

Thanks to its compact size, you can pick up the speaker, pop it in your bag and take it anywhere you want.

Increase the clarity and quality of what you hear with ClearAudio+

Unique to Sony, ClearAudio+ automatically adjusts sound settings for an enriching listening experience. By bringing together expertise in digital signal processing technologies, ClearAudio+ is able to optimize audio to deliver a consistently clear, high-quality sound, whether you're enjoying music.

Easy control with SongPal™

Manage your music quickly and easily from your smartphone with SongPal. Simply install the app and take control of music, lights and more.⁵
